Alisann has taken her first love of photographing doors, windows and buildings and painting them in the style of Photo-realism. She shares 40 of her photos so you can create your own work of art by coloring the grayscale pages. You can color them as faded old signs, weathered doors, or give them new life by adding brighter colors. It is up to you! That is the joy of coloring. Alisann suggests you color with pencils as grayscale takes on a whole new depth when you use colored pencils. But, like with anything Art, you are the Colorist and you choose how you want to color each page. Sit back, relax your mind and let your creativity take over. The pages are single-sided.
