## **Paul: An Illustrated Documentary on the life and writings of a key figure in the beginnings of Christianity** John Drane

Paul is a crucial figure for understanding Christian belief. His writings form a major part of the New Testament, and his mission journeys took the Christian faith to the world at large. This lively and thorough account of his achievements follows the course of his life, with photos, maps, charts and text. Each of his letters is given incisive analysis, and common questions about the great evangelist seldom treated in other commentaries are specially treated here, including who the Galatians were, what happened after Paul's conversion, and why there are different accounts of the conversion in the Bible. With its skillful blend of scholarly insight and biblical faith, this book will be stimulating and informative for individual readers, adult study groups, classes in New Testament studies--in short, PAUL is good news for everyone who loves the Bible.
