Chasing Clayoquot: A Wilderness Almanac David Pitt-Brooke

First published in 2004, and now with a new introduction by the author and a foreword by Robert F. Kennedy Jr., this book of natural history, environmentalism, and politics explores one of the Earth's last primeval places: Clayoquot Sound. Pitt-Brooke takes the reader on 12 journeys, one for each month of the year. Each journey covers the outstanding natural event of that season, such as whale-watching in April, shorebird migration in May, and the salmon spawn in October.
