Beyond Soul Growth: Awakening to the Call of Cosmic Evolution Lynn Sparrow Christy

Is life just a school for soul growth? A place where we learn from our mistakes until we finally escape incarnation? Or do we have a more exalted purpose? Drawing on Edgar Cayce's extraordinary vision of cosmic evolution and a stream of spiritual inquiry that places humankind in the context of a developing universe, author Lynn Sparrow Christy makes a thought-provoking case for incarnation as a unique opportunity to bring consciousness into matter and the affairs of the world. Bringing decades of experience and spiritual study together, she articulates the unique path of the co-creator—one who serves as an intentional agent of evolution in the midst of the challenges we face, both personally and collectively.
