Generals And Generalship

Field-Marshal Earl Wavell

Generals And Generalship Field-Marshal Earl Wavell

Field Marshal Wavell was one of the most successful British Army commanders of the Second World War, often given the toughest assignments, usually greatly outnumbered and with few resources. In this short volume he shares the distilled wisdom on the qualities, mental, moral and political that are necessary for successful leadership.

A long forgotten classic of military thought and leadership.

“These lectures by General Wavell [...] show very clearly how he and the army under his direction have gained their great victories in Africa and why they will gain others. For these lectures, though delivered over two years ago, could only have been delivered by a man capable of winning and keeping the confidence of all men in all walks of life. They deal with the relationships between man and man, on which must be founded both the success of an army and the success of a whole nation at war. I am glad indeed to think that they will have a wide audience, and particularly among soldiers, for whom they have deep lessons.”—From Foreword by Field Marshal John Dill
