The inspiration for this book is a person eyes. I find so much expression hidden within a person's eyes that it has always fascinated me. There is no true top and bottom to these images. I am very excited about this project, this being my first book of many to come, and being the newest member in the Kaleidoscopia Coloring Books family. Thank you for wanting to experience this coloring book called... "The Eyes Have It". 26 of the 52 designs are what we call "Clones". These Clones are slightly altered from the original drawings, forming another entirely unique perspective to the creative coloring experience.
