An Interactive Biography of Bill and Hillary Clinton Charles River Editors

Includes over 40 minutes of video featuring the Clintons

Includes pictures of the Clintons and important people, places, and events in their lives.

Everyone has read about history's most important people and events in dense textbooks and classrooms, but words can only say so much. In Charles River Editors' Interactive Biography series, history comes to life in video and audio, allowing people to experience history through the eyes and ears of the people who were there.

It would be impossible to sum up the life and legacy of Bill Clinton in one sentence or even one paragraph, as the former president represents many different things to many different people. Indeed, the yin and yang of Clinton's life and career are inescapable. Widely hailed as the greatest politician of his era, Clinton proved to be his own worst enemy, creating unnecessary scandals through his womanizing. Clinton was one of the first politicians to truly connect with young adults, yet in the process he provided ludicrous soundbytes like "I did not inhale." Long considered the Democratic Party's greatest spokesman and surrogate, Clinton's presidency was defined by centrist "triangulation". And though he is still publicly popular and considered a great president, Clinton became just the second president to be impeached in the House of Representatives.

During the presidential campaign in 1992, Clinton announced that by voting for him, Americans would get two presidents "for the price of one." The reference to his wife Hillary signified that she would be no ordinary First Lady, and indeed she was employed frequently by her husband in the White House to try to

push legislation through Congress, most notably universal healthcare. While that proved to be one of the Clinton Administration's greatest failures, Hillary and her staff continued to act as a political surrogate for the president during his two terms.

Of course, describing Hillary Clinton as just a First Lady belittles all of her accomplishments. Today she is the most powerful woman in the world and one of the most recognizable, working so seamlessly with her former rival Barack Obama that her popularity has easily eclipsed his within a year of his victory over her in the Democratic primaries. In addition to the stirring Democratic primaries of 2008, Hillary was a U.S. Senator from New York for nearly 8 years before becoming Obama's Secretary of State. Recognized as one of the sharpest minds in Washington and a complete policy wonk, Hillary has been one of the few bright spots in Obama's Cabinet during his first term.

This book looks at the amazing lives and careers of America's most powerful political couple, including their unprecedented highs and their notorious controversies, but it also humanizes the duo who have overcome considerable personal and political hurdles along the way. Along with video and pictures of important people, places, and events in their lives, you will learn about Bill and Hillary Clinton like you never have before, in no time at all.
