Managing Information and Knowledge in the Public Sector

Eileen Milner

Managing Information and Knowledge in the Public Sector Eileen Milner

For the public sector, which is globally the largest employer of people and repository of information, managing information and knowledge is an extremely problematic area to address. The essence of both resources is that they are intangible, their impact and value cannot be measured through traditional accounting methods, yet they are also, paradoxically, where the greatest value and potential for improvement is located. In this book Eileen Milner introduces the reader to the concepts of information and knowledge and explores a variety of tools and techniques which may be usefully adopted in actively managing and developing these resources. Wherever possible real-life public sector case studies and examples are used to illustrate good practice, as well as some of the pitfalls of poor application. Down-to-earth and taking into account the critically important characteristics unique to public services, this will be an illuminating text both for managers and policy makers already working in the public sector and for those considering doing so.

From reader reviews:

Juan Reynolds:

Do you have favorite book? If you have, what is your favorite's book? Reserve is very important thing for us to find out everything in the world. Each book has different aim or goal; it means that e-book has different type. Some people truly feel enjoy to spend their time to read a book. They are really reading whatever they acquire because their hobby is actually reading a book. What about the person who don't like looking at a book? Sometime, man or woman feel need book when they found difficult problem or maybe exercise. Well, probably you will need this Managing Information and Knowledge in the Public Sector.

Pablo Cook:

Information is provisions for individuals to get better life, information currently can get by anyone with everywhere. The information can be a knowledge or any news even a problem. What people must be consider if those information which is in the former life are hard to be find than now could be taking seriously which one is suitable to believe or which one often the resource are convinced. If you obtain the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All of those possibilities will not happen within you if you take Managing Information and Knowledge in the Public Sector as your daily resource information.

Verna Riddle:

Spent a free a chance to be fun activity to try and do! A lot of people spent their leisure time with their family, or their particular friends. Usually they carrying out activity like watching television, going to beach, or picnic in the park. They actually doing same every week. Do you feel it? Do you want to something different to fill your own free time/ holiday? Might be reading a book could be option to fill your free of charge time/ holiday. The first thing that you'll ask may be what kinds of publication that you should read. If you want to consider look for book, may be the e-book untitled Managing Information and Knowledge in the Public Sector can be fine book to read. May be it is usually best activity to you.

Jennifer Evans:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book was rare? Why so many question for the book? But any kind of people feel that they enjoy regarding reading. Some people likes reading, not only science book but in addition novel and Managing Information and Knowledge in the Public Sector or others sources were given information for you. After you know how the good a book, you feel would like to read more and more. Science reserve was created for teacher or maybe students especially. Those ebooks are helping them to put their knowledge.
