Research Design for Business & Management is a logical and practical book which makes no assumptions about your prior research knowledge. It will instead provide you with a clear understanding of the commonly used methods in business and management research, and enable you to tackle the fundamental elements of the research process.

This book:

- contains **conversation boxes** which answer and discuss the typical research questions you may have
- **focuses on the judgement calls** that you will need to make in your research
- **uniquely demonstrates the circular relationships** between research elements ensuring that you can relate chapters to your research process in real life
- provides **key insights** into what the examiners and journals will look for in your research to help you get the best possible grades
